

## Pi Day - March 14th

How many digits of Pi do you know? Jyrell Bergland, 7th grader, impressed us all with a whopping 87 digits which earned him the opportunity to pie the Head of School, Jay Goldrick. The student from each grade who knew the most digits also earned the privilege of tossing a pie at a faculty member and participating in a fun Nativity tradition.

8th grader, Trent Latimer, is explaining to his classmates the math problem he created focused on triangle congruency and similarity.

### Speaking of Math

Nativity students engage with mathematical concepts through the enVision Mathematics curriculum and achieve proficiency that exceeds state standards for their grade level. The goals of the program are to learn procedures and methodologies to solve problems, build critical thinking skills, and develop fluency. Students also make connections between curricular content and real world problems through project-based learning.

## Meanwhile in Science

7th graders are observing evidence of primary and secondary succession (moss, lichen, small plants, etc.) as a part of an ecosystem unit in science class.

Succession is the re-establishment of a species after they have been cleared out due to a natural or man-made event.

The 8th grade is observing the solubility and reaction with iodine of different baking ingredients as a part of a unit-long chemistry lab.

Young Alum Open Gym Night

On March 13th, Nativity hosted an open gym evening for alumni from the Claver, Arrowsmith, Cuffee, Temple, and Douglass classes - at least one alum from each of those classes attended the event. The current high school and college students enjoyed basketball, pizza, and camaraderie.

Alumni from the Douglass class also

came back last Friday to join us for fun-night, which all recent alums are welcome to do!

Congratulations!

Every month boys who demonstrate the characteristics of a Nativity gentleman are recognized during morning assembly.

## The Buttonwood Park Zoo Fish Bowl Fundraiser

Thanks to sponsorship by the Baldwin Brothers Inc., faculty and students had a fun afternoon bowling at Wonder Bowl and supporting a great cause - the Buttonwood Park Zoo! Thank you, Baldwin Brothers Inc.!

## Guest Speaker Series

Local professional photographer, Peter Pereira, inspires the boys with his personal and professional journey and photographs. You can check it out on our YouTube channel @NativityPrepSchoolNB.

## Upcoming Events

Purchase your tickets [here](#). Can't attend?  
You can sponsor an alum's attendance.
